Foodstuff Import and Export Services

Our foodstuff clearance services cover everything of your general, refrigerated, dry and perishable food commodities. Our delivery system is time-sensitive, so we are able to ensure that your foodstuff arrives on time. We are the most reliable foodstuff export agent in UAE and are also known to provide efficient foodstuff import services as the no 1 foodstuff clearance in UAE.

Product Registration Service

Of course, Product registration is one of the best ways to inventory all goods imported to a country. It helps keep track of the importation, sales and manufacturing of a product to ensure the safety of its consumers. As it is in most countries today, goods can only be imported to Dubai if confirmed and checked by the production municipality registration in Dubai. In fact, it is mandatory to register such goods/products before manufacture, export, import or distribute them into the Dubai market. However, before enrolling your products into the safe hands of the Dubai municipality registration, there's a need to understand product registration as a whole, why it is required and its benefits to manufacturers.
